RE: Proposed Laurclavagh Renewable Energy Development

Dear Householder,

I hope this letter finds you well.

I wish to update you on the proposed Laurclavagh Renewable Energy Development. The project Environmental Consultants continue their preparation for a planning permission application for the proposed development and as more information becomes available, I will continue to update you.

The site investigation works are continuing following a temporary delay and it will take some time for the contractor to process the results of the fieldwork. In the meantime, we are preparing to hold a public information exhibition to provide an opportunity for public viewing of the information available to date.

This exhibition will be hosted in the Claregalway Hotel, on Thursday 4th May from 3:30 pm to 8:30 pm. Information about the proposed development will be on display and members of the project team along with myself will be present to answer any queries. See overleaf a copy of the advertisement which will appear in the next edition of the Tuam Herald to inform the wider community of this event.

Everyone is welcome to attend, however, there is no obligation. All information made available on the day will also be uploaded to the project website, www.laurclavaghinfo.com. I can prepare an information pack for anyone that may not have access to the website and are not able to attend.

Thank you for taking the time to read this letter and as always if you have any queries regarding the proposed development, please feel free to contact me by email at clo@laurclavaghinfo.com, by phone 086-1427399, or through the 'contact' portal on the project website.

Yours sincerely,

Kieran Kyne
